8 FINANCIAL AND JOMMERCIAL. TRURSDAY, Oct. 29-6 P. M. There was no che slightest abatement of the mone-ary string acy in Wall street to-day, and during the foren on there was a difference of an eighth per cent ween the cash and regular price of some of the nighly inflated stocks. Seven per cent in gold was offered freely for loans, and in many instances a ommission varying from a sixteenth to three-ighths per cent was paid in addition to the legal ate in currency. Some lenders, however, refuse to reere than the legal rate in currency, and hence ansactions are reported accordingly; but these afhe Sub-Treasury redeemed only \$5,000 of three per ent certificates during the day, the bankers being y cannot be reissued, and hence their redemp-n involves a contraction of legal tenders to an nivalent amount, besides correspondingly reducing the balance in the Sub-Treasury, while it merely gives an setive for a dormant legal tento the banks, and therefore in no way increases their reserve. By reducing the behance referred to it also has the disadvantage of fercing the Assistant Treasurer to replenish his pply of currency by sales of gold, which last necesinvoive a withdrawal of currency from the anks. Even the \$400,000 a day which is now being bdrawn in this manner is, under the present ptional circumstances, a source of disurbance, as, it curtails the resources of the expected that the disbursement of the Noember interest will in some manner mitigate preveding stringency; but it would be unwise to upon this, as past experience has shown that e p'ariodicai interest payments give employment for raoricy, owing to nearly all the home investors mediately converting their coin into currency; and as the investors are distributed all over the country ar a remittances have to be made to them the sudency is towards a loss of currency at this But on the other hand the gold by the banks in payment of the terest on the securities they own will probably be held by them, and this will of course go to swell their legal tender reserve. The banks, threugh their officers, complain of being poor, and say that there would be an active demand for money duences at work. The stringency in the principal Western cities is unusually severe and it is almost equally great in Boston and other Eastern cities, as well as in Philadelphia and Baltimore. This extes apprehension in the West of the approaching requirements of the pork cotton crops. At the Clearing House this morning the following banks were creditors for the subjoined amounts:-Central, 312,000; New York, \$969,000, and Commonwealth,

1998,000, while the following were debtors:-Third ational, \$429,000; Manhattan, \$339,000; America, \$594,000; Fulton, \$399,000; American Exchange

394,000; Pacific, \$330,000; Peoples', \$215,000; Tenth Sational, \$243,000; Commerce, \$232,000. Bank offi

pers are unwilling to encroach upon their reserve in order to meet the demand for call loans, as they say ey would be thereby confessing weakness and

andermining confidence in their own inwhile the bulls on the Stock

Exchange would be the only ones benefited

by the innovation. The stringency in the West will

ve the good effect of forcing grain to market that has been excessively hoarded by speculators, and

hereby a further decline in prices may be brought

about, which will stimulate exports and cheapen

the price of flour. Within the last four months

and in the meantime the quantity warehoused there has increased from 488,000 to 1,200,000 bushels. The ence of this is that the elevators are nearly half full of grain at a time when they are usually nearly empty, preparatory to the winter movement, when grain will be transported by rail. The stock market opened weak, but was bid up by ne buil cliques for speculative effect. Late in the flernoon it became weak and demoralized again, se, under a heavy pressure to sell, partly by beers who had been buying on European account arly in the day, the excitement concerning the clause in the new certificates having ed to this course being taken, and a movement is o not to be a good delivery; but as they are widely di tributed throughout the street there is no likelihoo em in the loss temporary, at least, of the marke price of the certificates. The street is in dread of heavy break in Erie, which will sweep other stocks in its course, and we warn the public to avoid it, as there is good reason will shortly be justified by events. The other rai way shares on the list are so highly inflated that the are in imminent danger of a heavier fall than w ever the course of the money market may be the of real values. The collapse of some of these bubbles would exert a salutary effect not only in Wall street but elsewhere, and, once pricked, their

suctuations were from 184% to 134%, with the closing transactions prior to the adjournment of the board at three o'clock at 134%, against 134% at the opening. Following this the sales continued to be at 184%. There was an active borrowing demand for coin, but rates tended in favor of the berrower, and loans were made at 1-64 a 1-32 per cent per diem and at a s per cent per annum for borrowing as well as "flat," and at 1 a 2 per cent per annum for carrying. The gross clearings amounted to \$92,855,000, the gold balances to \$1,405,097 and the currency balances to \$2,500,446. The Sub-Treasury disbursed \$2,534 in the day, and sold \$300,000 in gold, the bids for which amounted to \$900,000, at prices ranging from 124 28-100 to 134 53-100, and the whole amount being awarded to Henry Clews & Co. The steamer Rhein, for Bremen, took out \$234,564 in specie, and the steamer Alaska brought \$227,004 in treasure from California and \$1,000 from Aspinwall. of last evening, but subsequently improved under a good inquiry for five-twenties, and late in the afternoon the market was very strong. The orders to buy were larger than for some days past, while the offerings were very light. Five-twenties of 1862 were the only issue which falled to participate in the advance, these having remained steady all day at 113. The issues of 1884, 1865 and 1867 were particularly active and strong, and the indications are that after the distansement of the November interest the demand for reinvestment will impart buoyancy to the entire list. At the close the market was strong at the subjoined quotations:-Regis tered, 1881, 114 a 114%; coupon, 1881, 119 a 115%; 6-20's, registered, 106 a 105,5; 3-20's, coupon, 1882, 113 a 113%; do., 1864, 111% a 111%; do., 1865, 111% a 111%; do., new, 1865, 110% a 110%; 40., 1867, 110% a 110%; do., 1868, 110) a 110%; 10-40%, mogistered, 104 a 104%; do., coupon, 105 % a 106.

At the commencement of tanstness the stock market was weak and Erie declined to 39 a 39%, but at the early session of the open beard it became strong and active, and New York Central advanced to 125 to Eric to 20% and Reading to 98%. At the first regu-lar board the market was dull bat steady, and on the call New York Central closed 14. higher than at the same time yesterday, Michigan Southern 14. ward, and Eric was especially yielding, sales having
been made at 50%, a very uneasy feeling prevalling among holders of the stock. In consequence of the discovery that the new certideates differ from the old ones by having incorporated in their text a notice that they are held subject to the by-laws of the company, the meaning of which is sufficiently doubtful to excite appre Exchange to-morrow. ### REAL ESTATE MAITERS.

Lively Day at the Exchange-Sale of Up Town Lots-Value of a Broadway Lot. The appearance of the Exchange yesterday showed quite a revival of interest in real estate transactions and a renwal of activity in the market after the partial dulness of the last few days. Five firms of auctioneers offered property for sale, all of it choice, and in most cases found ready purchasers, the at-tendance being large and mainly composed of bid-ders.

and in most cases found ready purchasers, the attendance being large and mainly composed of bidders.

Two of the sales attracted particularly large crowds—viz., one by Johnson & Miller, of a store and lot on Broadway, No. 294, between Reade and Duane streets. The store is a five story and basement brick building, with brown stone front and covers the entire lot. It has a front on Broadway of 28 feet 4 inches and in the rear of 24 feet. It is 130 feet 5 inches in depth, and runs through to Republican ailey. It was offered on the following terms:—Two-thirds of the purchase money to remain on mortgage at the option of the purchase for a term of years.

The other sale of special interest was an offering of Ailen & Brown's of seventy valuable lots near the Park and Boulevard. On Madison, Fourth and Tenth avenues, Ninety-sixth, Ninety-seventh, Iloth and Illth streets, viz.:—Madison avenue, eight lots between lioth and Illth streets; Fourth avenues, eight lots between Madison and Fourth avenues, eight lots between Madison and Fourth avenues, eight lots between Madison and Fourth avenues; I'llth street, ten lots between Madison and Fourth avenues, eight lots street; Ninety-sixth street, twenty-two lots between Ninth and Tenth avenues; Ninety-sixth street, twenty-two lots between Ninth and Tenth avenues. These lots were put up by H. Henriques for the above mentioned firm and awakened eager and lively bidding, which resulted in their rapid sale at excellent prices. Subsequent to the sale many of them changed hands at a considerable advance—viz., \$100, \$300, \$400—and in one case \$600 being paid over the amount at which they were knocked down. This was one of the best sales this fail.

Besides the above the following catalogue of very desirable property was put up, and, with the exception of that last mentioned, advantageously disposed of, viz.—

Ninth and Tenth avenues; Ninety-seventh street, eight lots between Ninth and Tenth avenues. These lots were put up by H. Henriques for the above mentioned firm and awakened eager and lively hidding, which resulted in their rapid sale at excellent prices. Subsequent to the sale many of them changed hands at a considerable advance—viz., \$100, \$300, \$400—and in one case \$600 betting paid over the amount at which they were knockad down. This was one of the best sales this fail.

Besides the above the following catalogue of very desirable property was put up, and, with the exception of that last mentioned, advantageously disposed of, viz.—

By Muller. Wilkins & Co.—The valuable property No. 7 Frankfort street, near Chattam street, formerly known as the "Pewter Mug" beer house; there is a two story brick house on the front and a three s each 25 feet by hall the block; one lot north side of Fifty-first street, about 271.2 feet west of Broadway; two lots north side of Fifty-fourin street, 175 feet east of Tenth avenue, immediately in the rear of the last described lots, each 2x100.5; the premises known as the Distillery, Nos. 281 and 283 West Twenty-eighth street, together with the engine, boiler, tubs, &c., being 28 feet front by 68 feet deep.

By Joseph McGnire—House and lot No. 77 Hudson street; size lot, 20x50 feet. House and lot No. 23 North Moore street, size lot, 21.1x25 feet.

By Johnson & Miller—No. 62 First street, near South Ninth street, at three story house, with handsoms collomade front, and extra large lot.

By B. H. Ludlow & Co.—A lot south side of Thirtieth street, 217 feet west of Fitth avenue and 251.9 feet east of Broadway, with party walls on both sides, to be paid for when used. The lot is excavated and ready for building. Lot 21x08.5; and the first class three story and basement, high stoop, brown stone house and lot No. 71 West Forty-inith street, north side, 63 feet 2 inches cast of Sixth avenue. House is 12.5 front, 21 feet rear, by 48 feet in depth, has all the conveniences, and in perfect order, with party walls, both sides adjoining the Columbia College property. Lot 19.5 front, 21.9 rear, by 80.5 in depth.

Of those two last pleces the first mentioned was bought in at \$14.750 and the other at \$24,900. Below we give particulars of these various sales, the names mentioned being those of the purchasers.
